## 317| Ex de

## Explosionproof

## Vibration Switches

The type 3 I7I Ex vibration switch is a low-cost, vibration-sensitive switch for the protection of rotating and reciprocating machinery in hazardous areas.

It is adjustable to operate above the machine's normal running levels of vibration, activating machine shut-down circuits and/or alarms.

Once operated the internal micro switch remains latched until reset.
The type 317I Ex vibration switch, with its low frequency response is ideal for detection of mass imbalance on most machines. It is inherently insensitive to high frequency components and those caused by external knocks, etc. The type 317 I Ex vibration switch is responsive to vibrations in all directions.

The type 3171 Ex vibration switch is reset by depressing a button on the bottom face (see diagram below).

Adjustment of the vibration trip level is made externally at the top of the unit by rotating a sealed control.

## Compliance and Standards

## Compliance:

ATEX Directive 94/9/EC, EMC Directive 2004/I 08/EC
RoHS Directive 2002/95/EC, REACH Directive 1907/2006/EC

## Standards:

EN 60079-0:2013
EN 60079 parts I, 7 and 31
GB 3836.I, 2 and 3-20I 0 and IEC 60079-31:2008
Safety - BS EN 60204-1:2006+AI:2009
EMC - BS EN550II and BS EN6 I000-4
Salt mist - BS EN 60068-2-52: I 996 test Kb severity 2

## Ingress protection rating:

IP66/IP67 to BS EN 60529

## Features

- Ease of installation on new or existing plant and machinery
- Robust for Industrial Environments
- Manual reset
- SPCO or DPCO
- Must be vertically mounted as in diagram below - sensitive in horizontal, lateral and vertical planes
- Electrical connections via M20xI.5mm cable entry (models can be adapted for two cable entries)
- Captive lid and fasteners
- Two year warranty (from date of invoice)
- Accessories available - visit www.ffeuk.com for further details
- Blanking plug accessory for corrosion protection when mounted into the field un-wired
- Maintenance free operation

## Applications

The 3171 is ideal for use on rotating and reciprocating machinery (below 3000 rpm) such as fans, centrifuges, compressors, pumps, turbines, motors and generators, vibrating conveyors, vertical and horizontal crushers and shakers.

Dimensions (mm)

## Specification

3171 Ex de Electro-mechanical vibration switch with manual reset

| ATEX Classification: | II 2G Ex d e IIC T6 Gb Tamb* |
| :---: | :---: |
|  | II 2D Ex tb IIIC T85 ${ }^{\circ} \mathrm{C} \mathrm{Db}$ |
| NEPSI Classification: | Ex de IIC T6 Gb |
|  | Ex tb IIIC T85 ${ }^{\circ} \mathrm{C}$ |
| Drop and free fall: | BS EN60079-0 section 26.4 |
| Performance: | Set level range 0.5 to 9 g peak acceleration |
| Rated operating voltage: | AC $250 \mathrm{~V} 50 / 60 \mathrm{~Hz}$ |
| Utilisation category: | AC-15 3 A $250 \mathrm{Vac}, \mathrm{DC}-130.15 \mathrm{~A} 250 \mathrm{Vdc}$, DC-13 3 A 30 Vdc |
| Switch rating: | Ohmic/resistive load - AC 5 A 250 V, DC 5 A 30 V |
|  | Inductive/motor load - AC 3 A 250 V , DC 3 A 30 V |
| Enclosure material: | Die-cast zinc alloy Mazak III |
| Enclosure finish: | Iron passivation with goose grey polyester powder coat |
| Temperature range: | -50 to $+80^{\circ} \mathrm{C}$ |
| Weight: | 1.5kg typical |
| Connections: | Internal terminal block via M20xI.5mm threaded cable entry |
| Mounting: | Mount vertically with SET LEVEL at top using fixings size M5 and anti-vibration washers or similar |
| Contact Arrangements: | SPCO or DPCO |
| Alternative switch contacts: | Gold-plated contacts for low energy switching and/or monitoring. <br> DC or Peak AC Ratings: Voltage: 5 V to 30 V , Current: 4 mA to 400 mA Max VA $=0.12$ (Current $\times$ Voltage) |

## Electrical Arrangements

Double-Throw (Change-Over):

Switches are shown in their normal system operating position after a manual reset has been performed

## Options

Second cable entry:
Pre-sets:
The unit can be supplied with a second $\mathrm{M} 20 \times 1.5 \mathrm{~mm}$ threaded cable entry
Where the rotating machine has a dominant frequency at 25 Hz , MCC can provide a pre-set switch between $\lg \& 9 \mathrm{~g}$

* Refer to Installation and Operating Manual
