FA-I

Flame Arrestor Model 6700

GENERAL DESCRIPTION:

The Ruelco FA-I Flame Arrestor provides protection for the enclosure or the tank contents in case of fire or any possible ignition source outside. Under normal conditions, the cover prevents rain, dust or other contaminants from entering the enclosure or tank.

VF-I

Vent/Fill Cap Model 6500

GENERAL DESCRIPTION:

The Ruelco VF-I is a vent cap designed to relieve pressure due to entrapped gases in a hydraulic reservoir through a spring loaded cover. Under normal conditions, the cover prevents rain, dust or other contaminants from entering into the hydraulic reservoir.

ITEM	QTY.	DESCRIPTION	MATERIAL	PART No.
